## General

The full "Guided Tour" takes about one and a half hours but this can be adjusted to suit individual requirements. No charge is made for this facility but a donation towards the maintenance of the Church is always welcome.

Please note that, because of Church-related activities, it is regretted that tours cannot be arranged on Wednesday or Thursday mornings. Afternoon tours on these days commence at 12.45pm.

## For School Groups

	c. The needlework

## The Young Persons Guide

This booklet has been specially written to help children understand various features of the Church architecture, etc. It is well presented and a copy is given to the leader of each school party.
